## MISSION

To improve people’s lives by mobilizing the caring power of Central Minnesota.

## POSITION

United Way of Central Minnesota connects resources to accelerate community wide solutions.

# PRESIDENT'S MESSAGE

None of us could have predicted we'd be where we are today, this year has been a challenge and we are still abiding by unprecedented regulations and restrictions due to COVID-19.

Yet, I don't think any of us in Central Minnesota are surprised at how we've banded together in a time of crisis and committed to the theme of community, perhaps more than ever. Stories of support and goodwill and even lightheartedness continue to find the light and bolster people across our region and state.

I'm certainly in awe of the adaptations and changes people and businesses around our communities have made in the name of crisis. The dauntless spirit of those faced with unimaginable hardships and how, in the face of adversity, people shine through with hope and solutions, rallying those around them.

As an organization dedicated to the concept of mobilizing, this is our time to rise up and do what we've done since our inception: provide clarity, offer support, and be a beacon for resources and respite.

Larry Olness  
President & CEO  
United Way of Central Minnesota

# BOARD CHAIR'S MESSAGE

United Way of Central Minnesota didn't allow a worldwide pandemic to slow it down. In 2020 when our community needed us the most, United Way rolled up its sleeves and got to work. An emergency fund was created and quickly funded to support local agencies as they reinvented themselves to provide such things as childcare for first responders, distance learning support for students, and fresh water for the homeless.

The board's transformation into a more strategically-situated structure continued. Our volunteer leaders are now much better aligned organizationally to achieve progress towards our three focus areas: Education, Financial Stability and Health. The organizational alignment, coupled with our inspired marketing initiatives, increased the United Way's ability to reach more donors and volunteers and provide them with the

giving opportunities and experiences they want and need.

Social distancing and remote work caused the United Way to use technology more effectively to connect with donors, workplaces, and volunteers. Many of these practices will be used effectively in a post-pandemic environment.

In unprecedented times, United Way proved it is not only the safety net for our community, but also the connector and innovator. United, we raised our hand; United, we improved people's lives by mobilizing the caring power of our many donors, our dedicated staff, and our engaged volunteers.

Thank you, Central Minnesota!

- Preparing for The Salvation Army winter coat give away

## Day of Action Highlights

This year Day of Action was a very different experience due to COVID-19 but still created big impact in our community!

United Way partnered with ten RSVP volunteers at the Whitney Senior Center to create kits for seniors who are socially isolated in our community.

Each kit contained resources for staying active and healthy, snacks, activities, and a note of encouragement from our volunteers.

Volunteers wrapped up their day by helping to distribute meals and care kits to the seniors in the drive-thru line.

# RETIRE UNITED

Retire United directly addresses the older adult workforce population in our communities. By working with our workplace giving businesses, we are able to create a transition-type program for retirees who wish to remain tethered to our cause and efforts. It's both an opportunity for individuals to participate in volunteer projects and support programs vital to the entire community. From a company's perspective, it's a chance to continue to reward loyalty and culture even through retirement.

# YOUNG LEADERS UNITED

Our goal with Young Leaders United is to connect young people to the causes and interests they have a desire to be part of and introduce them to the greater community in which they live, work, and raise families. The group of 35 and under aged people support the work of United Way Central Minnesota through fundraising, volunteer projects, and networking events. This dynamic, tireless group is making lasting change across Central Minnesota and having fun along the way. It's inspiring and a great reminder of what happens when we realize the collective power of network and shared vision.
